**Interest:** Interest is calculated by the average daily balance method which applies a daily periodic rate to the average daily balance in your account each day. The average daily balance is calculated by adding the balance in your account for each day of the period and dividing that figure by the number of days in the period. Interest rate and Annual Percentage Yield on all tiered savings and checking accounts are on the entire balance when funds are within the specified range. Interest will begin to accrue on the business day you make the deposit to your account either by cash or non-cash.

**Transaction Limitations for All Savings and Money Market Accounts:** Pursuant to Federal Regulation D, during any calendar month, you may make no more than six withdrawals or transfers to another Credit Union account of yours or to a third party by means of a preauthorized (i.e., ACH), automatic, telephonic, home banking, or audio response (Direct Dial Teller) transfer or instruction. If payment is made directly to the depositor, you may make an unlimited number of withdrawals in person, by mail, at an ATM, or by telephone if the withdrawal is mailed to you in a check. There is also no limit on the number of transfers you may make to any loan account(s) with us.

**Additional Limitations for IRA and HSA Accounts:** You are solely responsible for complying with any requirements including transaction limitations and penalties for early withdrawal under the Internal Revenue Code or other applicable Federal or State law governing any IRA, HSA or other Credit Union accounts.
